ANDAMAN ISLANDS 9 NIGHTS INDIA

The following is a sample itinerary of where you might dive during your holiday with us. We wish to show you the very best diving but a number of factors can determine where we visit. Weather, tides, how busy a site is with other dive vessels all play a part in the Cruise Director's decision of which route the yacht takes. The safety of all on board is paramount and we always do our best in offering diving at alternate locations. The Cruise Director is happy to listen to requests from guests to visit or remain at certain sites and providing it is possible and the schedule allows, then guest's requests are respected.
